LEGAL
LUMBER™

SUSTAINABLE WOOD for a sustainable future

Tropical Pro™ products are certified as sustainable by Legal Lumber, which is TFP's internal Due Care Chain of Custody Environmental Compliance Program. Created to set stringent criteria for the highest sustainability standards in the lumber industry.

When you purchase a piece of sustainable wood, you don't just have a beautiful product, you're supporting a movement that provides the health and well-being of our planet.

Tropical Pro™ is carefully harvested from forests where trees are selected based on their age, size, and productive potential, ensuring that young and healthy ones can continue to thrive. This mindful approach to forestry allows us to create products that not only meet your needs but also contribute to a more sustainable future.
